

ACE SAFETY ACADEMY

Oldham Council's Development Academy comprises the Council's team that directly supports the training and development needs of our staff, but also provides support to a range of partner Organisations throughout the town

Oldham Council's Development Academy's experiences of working with ACE Safety Academy have remained positive throughout our working relationship over the past few years.

ACE employees have been particularly helpful for us by :

- Their friendly, open & honest communications in relation to work issues
- They offer a quick turnaround on our training & development enquiries.
- Being responsive, flexible & accommodating to our changing needs picture.
- Their problem solving support, guidance & advice when required re suitability of training courses
- They offer competitive pricing
- ACE are willing where practical to offer single person or small group training requests
- They give thorough and detailed responses to any content/quality issues that our customers occasionally raise in relation to training undertaken.

With the above in mind we would be happy to recommend ACE Safety Academy Ltd to another organisation other company requiring a high professional standard training provider.

Yours sincerely

Geoff Perks
(Acting) Leadership & Corporate Development Consultant
