Dear Pete Jackson,

RE: Testimonial for “ACE Safety Academy Ltd”

Based on the type of business that we specialise in (Asbestos Removal) it is extremely important that we safe guard our business and employees moving forward under our legal obligations and requirements, the need for sound health and safety advise and training to meet with these pressing demands and more and more important to us as a business so that we can try and achieve a zero harm accident policy.

As a business we always pride ourselves in supplying highly skilled and competent persons for all site activities and works to be completed and this includes senior management, supervisor and operative levels. The close working relationship that we have with ACE Safety Academy Ltd goes a very long way to ensure that this criterion is met.

Their attention to detail and life like training courses which is conducted at their excellent well set out and fully accredited training centre in Oldham, regularly put our workforce through their paces in credible situations that help prepare them for the real on site situations that they are likely to face out in the environments of working.

ACE Safety Academy Ltd do not only provide us with the best up to date and accredited health & safety training courses, but also support us in areas of advice, systems and risk management solutions, and their helpfulness, honest approach, kindness to assisting us is second to none. Their administration processes is first class, they act fast, book courses in quickly, reply to e-mail questions without delay, forward course booking materials without hesitation and turn certification around very quickly.

We would be very happy to recommend ACE Safety Academy Ltd to any other organisation requiring a high professional standard safety training provider.
